

Artistic Sketches

You can use the filters that Photoshop provides to create artistic sketches. To illustrate this, the following sketch of a shipwreck viewed through the porthole of another ship will be created:

Starting a New Document

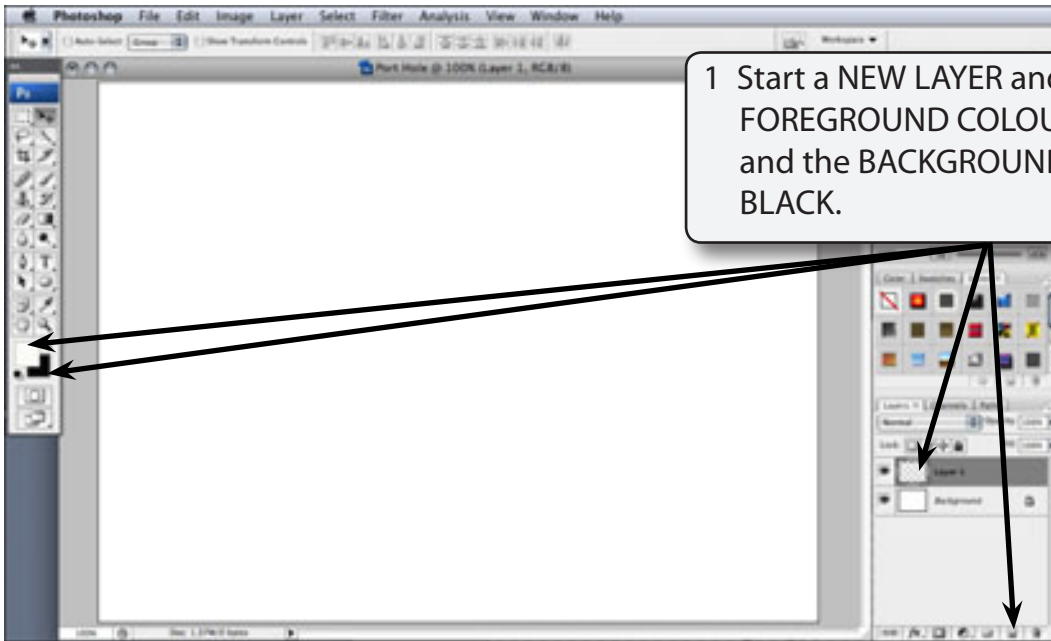

- 1 Load Photoshop, display the FILE menu and select NEW.

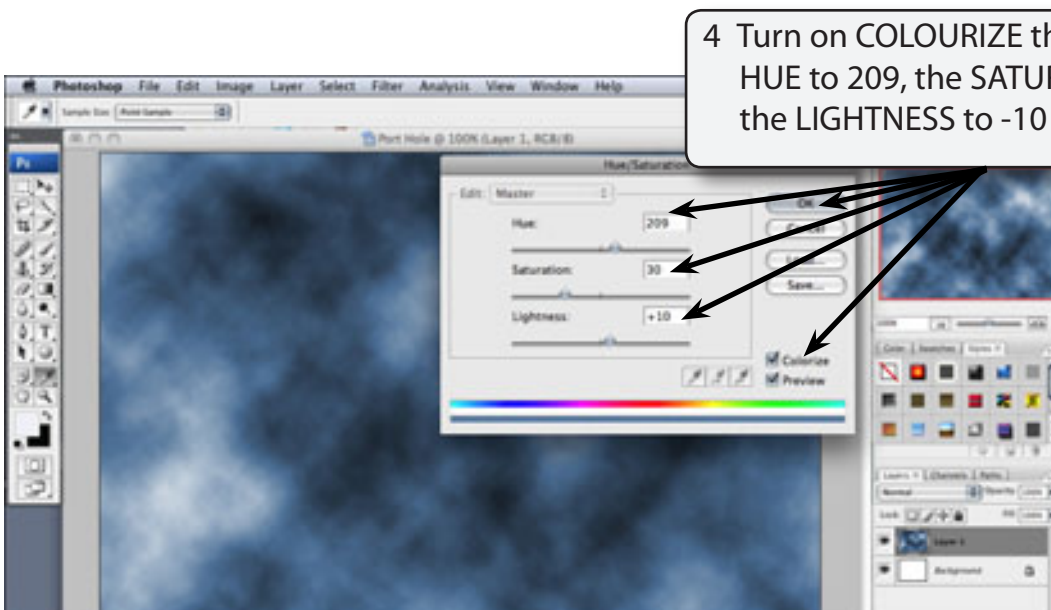

- 3 Select OK to start the document.

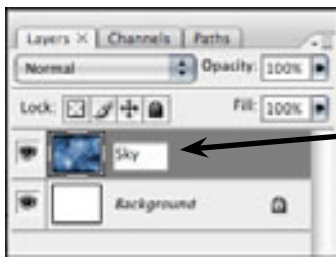

Setting the Background

The CLOUDS filter will be used to set the sky for the sketch.

- 2 Display the FILTER menu, highlight RENDER and select CLOUDS to fill the layer with black and white colours.
- 3 The cloud can be coloured to make them look more natural. Display the IMAGE menu, highlight ADJUSTMENTS and select HUE/SATURATION.

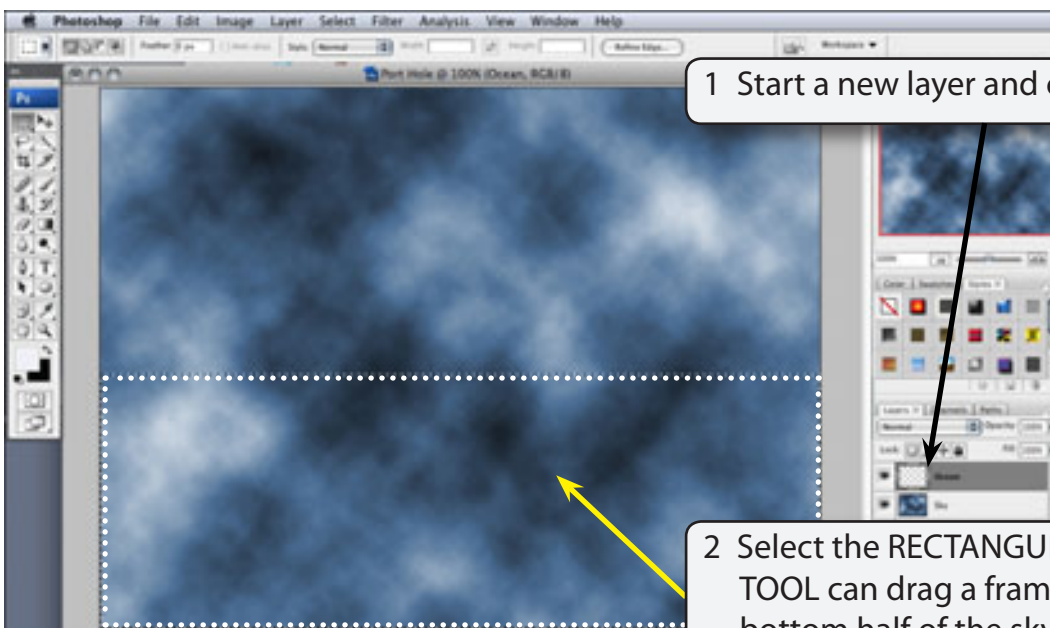

5 Rename the layer: Sky

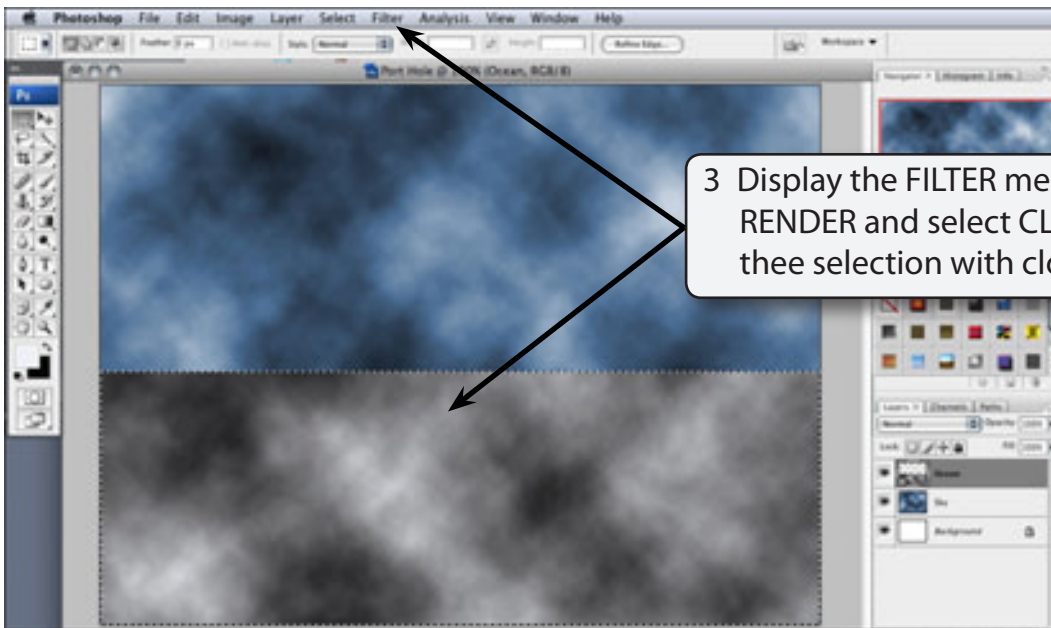

Creating the Ocean

The ocean can be created by combining the CLOUDS and BAS RELIEF filters.

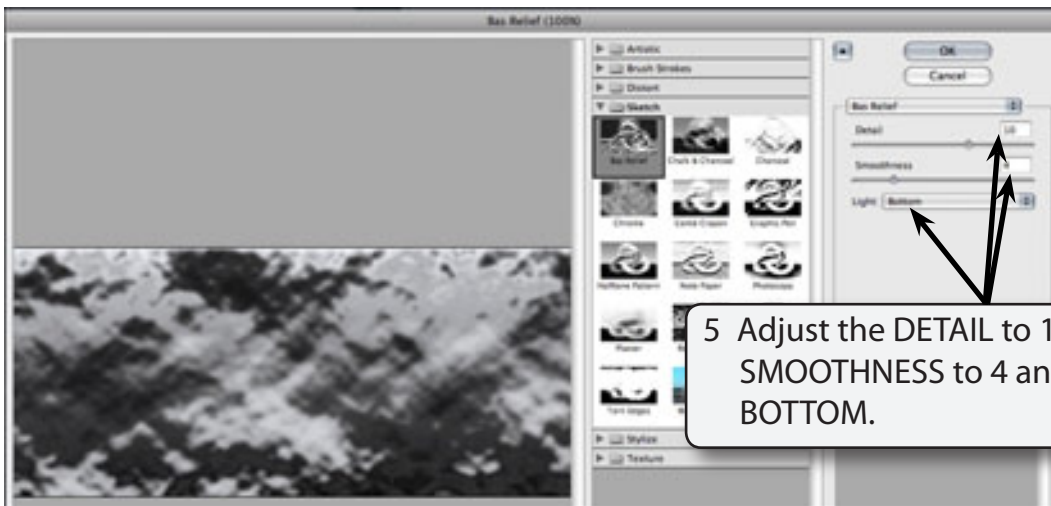

1 Start a new layer and call it: Ocean

2 Select the RECTANGULAR MARQUEE TOOL can drag a frame around the bottom half of the sky.

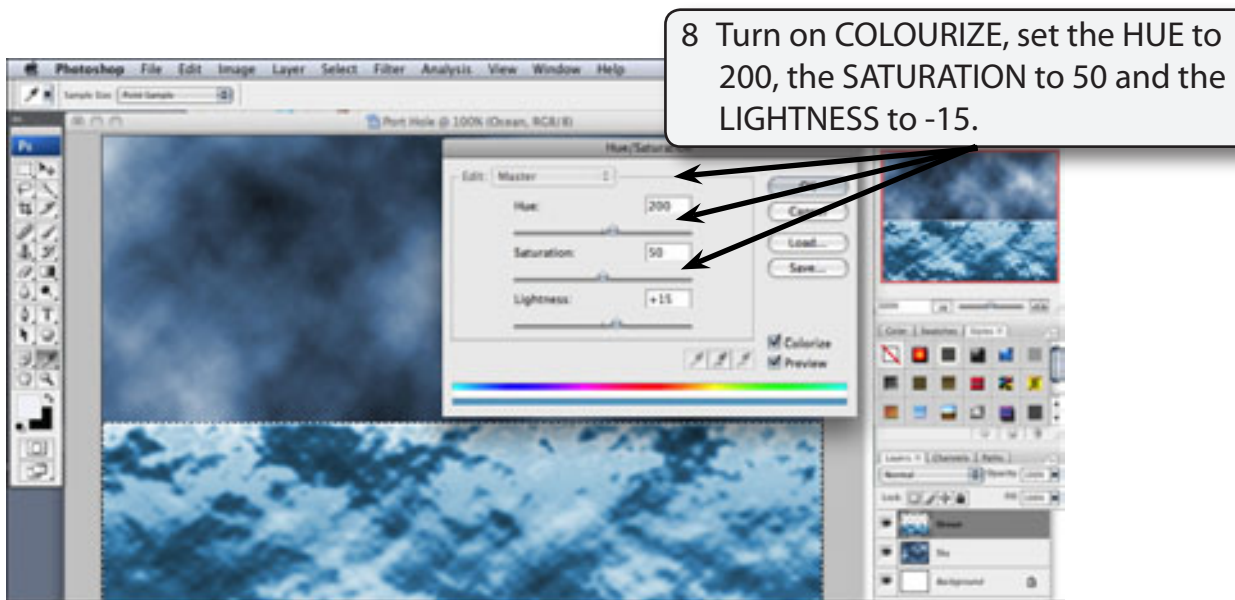

4 Display the FILTER menu again, highlight SKETCH and select BAS RELIEF.

6 Select OK to set the filter.

7 The colour of the ocean needs to be adjusted. Display the IMAGE menu, highlight ADJUSTMENTS and select HUE/SATURATION.

9 Select OK to complete the filter.

Adding Perspective to the Ocean

To make the ocean look more realistic, its perspective can be altered.

- 1 Set the screen view to 50% so that you can see the whole canvas.
- 2 Display the EDIT menu, highlight TRANSFORM and select PERSPECTIVE.
